REPORT

To the Twenty-fourth International Convention of the Young Men's Christian Associations.

The International Committee submits the following as its Fourteenth Report. The previous thirteen reports have covered each the period of a year, but the present report, according to the instructions of the Baltimore Convention, covers the period of two years.

The details of the work intrusted to the Committee will appear in the reports of its Corresponding Members and its several Secretaries. The reports of the Secretaries will be given in substance by them during the progress of the Convention.

I.—In this period of two years, Mr. Weidensall, the Western Secretary, has visited 151 points, and has assisted in the organization of 44 new Associations, and 34 Local Secretaries, in addition to those reported two years ago, are now employed on his field.

The cost of maintaining the 347 Associations in his field, during the past year, so far as the same is reported to the Committee, was in round numbers \$85,000, and the total membership of of those reporting is 10,026.

II.—During the same period, Mr. Ingersoll, the Railroad Secretary, has visited 82 points, many of them several times. As against 12 R. R. Secretaries at work two years ago, there are now 36, a gain of 24. The expenses of these Associations are paid in part by the Railroad Companies along whose lines they exist, and in part by the Railroad men who are contributing members of these Branches.

III.—The German Secretary, Mr. von Schluembach, during these two years, has reorganized feeble and struggling German Associations, establishing them on a better working basis as German branches of the American Associations. In this way he

has formed promising German organizations in nine of our largest cities, locating a competent German Secretary at six of these points.

IV.—The College Secretary, Mr. Wishard, since the Baltimore Convention has visited 85 Colleges and Universities, and formed 66 Associations in Colleges, and there are now in all 120 College Associations. Some peculiar features of this work have rendered it specially desirable that some printed report of its details and results should be made from time to time, and therefore a Monthly Bulletin relating to it has been regularly issued and distributed among the Colleges.

V.—The Secretary for Work among Colored Young Men, Rev. H. E. Brown, was secured to give his undivided attention to this part of the work in the autumn after the Baltimore Convention, and has been engaged in it ever since, with the exception of the summer months of last year. He has visited 30 places at the South, but has not yet organized any Associations, his work thus far being almost wholly tentative. He has sought in the series of meetings he has held to avoid all excitement, to impress on colored young men the necessity of careful Bible study, and to lead them in proper methods therefor by oral instruction and by simple though carefully prepared printed themes of Bible Lessons, by plain Scientific Lectures, and by appropriate newspaper articles upon like topics which have been placed at the disposal of papers edited by colored men for colored men. These have been cordially received and extensively published.

VI.—A year ago the Committee announced to the Associations that the Work among Commercial Travelers would probably require for its supervision most of the time of an additional Secretary; and shortly afterwards, Mr. E. W. Watkins was engaged and has since been actively at work in this department. He has visited 28 cities, and has made good progress in securing the attention of this important and valuable class of men, and in interesting Associations in work among them, so that now 25 Associations have Committees composed of Commercial Travelers. Seven hundred and seventeen Commercial Travelers'

Tickets, giving the holders the privileges of the rooms of the Associations wherever they chance to travel, have been already disposed of. In all, Mr. Watkins has visited 67 points.

VII.—Messrs. Weidensall, Cree and Watkins have each spent considerable time in the Dominion of Canada. A part of the time Mr. George A. Hall co-operated with Mr. Cree there. These gentlemen visited some 30 places in the Dominion.

VIII.—Owing to pressing providential demands from other quarters, the Committee has not been able to render as much service as heretofore at the South, Mr. Cree's special field. Since the Baltimore Convention 40 Southern cities have been visited by our Secretaries During the coming year the Committee hopes to render largely increased service in this direction, for which the way is abundantly open.

In New England the representatives of the Committee have rendered more or less service in 13 places.

IX.—In addition to the work already summarized, and coming under the general head of the work of the Central Office, the Committee was represented each year at the State and Provincial Conventions of the Maritime Provinces, Onterio and Quebec, Alabama, Connecticut, Georgia, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New England, New Ham shire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, East Tennessee, Vermont, Virginia and Wisconsin.

X—It has assisted, through Messrs. Cree and Watkins, in locating Secretaries at various points, and in many of these places the Secretaries of the Committee gave effective aid in the effort to raise the money for the support of these officers. Since the Baltimore Convention, 48 of these officers have been located through the the direct agency of the Committee.

XI.—The situation of the Association in London, Ontario, was such that the Committee felt it best for Mr. Cree to continue there for some weeks. He coöperated most efficiently with the friends of the cause in that city, presenting in public and in private conferences the importance of the work, and one result of his efforts

was to enable the friends of the Association to raise the money, some six or seven thousand dollars, for the payment of the debt on its building.

The Association in San Francisco had, for a number of years, been so embarrassed, financially and otherwise, as to be unable to use the opportunities for Christian work by and among young men which the Pacific coast presented. One result of the service of Messrs. Moody and Sankey in that city was to direct the attention of Christian men to the needs of the Association there. Messrs. Moody and Sankey approached the close of their visit, they determined to make a direct effort to pay the debt on the Association building, some \$83,000, and to secure a reorganization of the Association itself. A profound impression in regard to the needs of the young men of the Pacific coast had been made upon two members of the Committee who had visited it quite recently, and their presentation of the situation to the Committee convinced it that Mr. Cree should be sent to cooperate with Mr. Moody so far as his work was addressed to the rehabilitation Mr. Moody was enabled, before he left the of the Association. coast, to secure the money necessary to pay the entire debt. Cree has spent five months in that city in work for the Associa-A plan for reörganizing it was perfected, which met with the approval of those then active in the Association, as well as of a new and large constituency, and Mr. Cree now remains in that city awaiting the arrival of Mr. H. J. McCoy, who for nine years has been the Secretary of the Association in Lowell, Mass., and who goes to San Francisco soon after the adjournment of this Convention.

The Committee is therefore glad to report that the Convention has every reason to be satisfied with the present condition and prospects of the San Francisco Association.

XII.—The Committee has seven Secretaries in the field, and directly engaged at the Central office the General Secretary, Mr. Richard C. Morse, has an assistant, Mr. P. A. Wieting, and two clerks. It maintains an extensive correspondence with the Associations, with State Committees and their Secretaries, and individual friends of the work and its objects. It has issued 138,000

circulars and pamphlets during two years. There is also the large foreign correspondence of the Committee with local Associations and Secretaries, and with National and International Committees and their Secretaries, now much increased by the coming Triennial Meeting of the World's Conference in London, July 30-Aug. 6 of this year. Nor does this limit the correspondence, for there are Associations in Australia, New Zealand, Hindostan, China, Japan, and Asia Minor, with which we are in communication

communication.	
XIII.—The following is a summary of the Statistical of the Associations sent to the Committee: 31 Corresponding Members in 4 Provinces and 27 States have sent i to the Committee of the condition of the Associations in their 744 Associations have reported statistics of their work. 672 of these report an aggregate membership of	n reports

Religious Work.

- 145 Associations have Bible Classes for Young Men only, with a united average attendance of..... 1,967
- 115 report Bible Classes for both sexes.
- 21 hold daily Prayer Meetings.
- 228 hold weekly Prayer Meetings for Young Men.
- 170 hold Cottage Prayer Meetings.
- 562 hold meetings in Jails; Hospitals and elsewhere.
 - 39 report Sunday Schools conducted by their members,
 - 23 hold meetings in Alms-houses.
- 109 hold open-air meetings.
- 225 hold neighborhood meetings.

Literary	and	Social.
		~~~~~~

- 347 Associations own Libraries aggregating, volumes...... 193,068
  - 74 sustain Educational Classes.
- 234 report courses of lectures.

General Secretaries and other Statistics.

- 210 persons are employed as General Secretaries and Agents of local Associations, and of State and International Committees.
  - 8 State Committees employ each a State Secretary.
  - 20 State and 1 Provincial Conventions have been attended by 1,446 delegates.
  - 33 General Secretaries and Assistants are employed in Railroad work.
- 114 College Associations send in Reports.
- 71 Associations provided situations for 9,556 persons.
- 23 German speaking Associations send in Reports.
  - 6 of these employ German Secretaries.

XIV.—The prosecution and management of the work thus outlined involves the expenditure of money. For 1880 this expense was \$21,443.56. Three departments of the work were practically on halfpay and half time, viz., the College, the Commercial Travelers and the German. For the current year the budget, as made up on careful estimates, calls for \$30,000. It cannot be carried on successfully for a less sum, and the Committee confidently looks to this Convention for an endorsement of the work, and for a generous provision for its prosecution.

### TREASURER'S REPORT FOR 1879.

Royalty on "Songs of Devotion"	25 59	Topics for Prayer Meetings Printing, Pamphlets, and Station- ery	245 8 824 9
	\$24 566 <b>5</b> 6	Office Expenses	\$24,566

The Committee feels that the delegates to this Convention should consider it a personal duty to secure contributions, however small, in aid of this work. The large constituency here represented should feel that it is doing something toward sustaining this considerable expenditure; and while the Committee seeks and welcomes large gifts, and cannot carry on the work without them, neither can it proceed without a great increase of the smaller gifts, and no sums that come to its treasury are so gladly welcomed as the collections on the Day of Prayer.

Ninety-seven Associations contributed \$2,180.52 in the year 1880. One hundred and six persons gave sums of \$25 and under, aggregating \$1,633.25. The remainder of the sum, \$18,028, was received from 119 persons, twelve of whom gave \$500 each.

For the current year the Committee has already secured subscriptions to the amount of \$13,048.82. Of this sum nearly half was given by six gentlemen who last year gave \$500 each, but whose view of the value and importance of the work is such that this year they contribute \$1,000 each. Three others give \$500 each, four \$250 each and five \$200 each. There are 21 donors of \$100 each, and the balance comes from 57 persons and Associations, in amounts of less than \$100.

The expenses of the Committee for 1880, to the date of the Convention, have been \$10,981. All are paid, and there remains in the treasury \$46.

There is needed for the balance of the current year the sum of \$18,800, for which this Convention is asked to provide.

It is necessary also to provide for the balance of the period that shall elapse prior to the next Convention, about one year and a half.

XV.—To the Baltimore Convention the Committee reported the good beginning made in the holding of Parlor Conferences as a means of increasing the number of those intelligently interested in the work of the Associations. During the last two years similar Conferences have been held by the Committee at Milwaukee, St. Paul, Minneapolis and Cincinnati, two in the city of Chicago, the first in February, 1880, at the house of Mr. Eldridge G. Keith, and the second February 24th, 1881, at the house of Mr. Cyrus H. McCormick, and one in Toronto, March 10, 1881, at the residence of Sir W. P. Howland.

Following the example of the Committee in this matter, the various Secretaries of the Committee, State and District Committees, State Secretaries and local Associations have adopted this plan, and within the past two years a large number of Parlor Conferences in the interests of the work, local and State and Provincial, have been held all over the country, and always with most encouraging results. No means has yet been devised so effective for multiplying the number of those who give this cause their support because they are assured of its usefulness.

XVI.—Since the Baltimore Convention the General Secretaries have held two Annual Meetings, the first in Chicago, June 9–12, 1880, 500 miles west of the present Association centre, where, out of a total of 161 Secretaries, Assistants, &c., 124 were in attendance.

The Secretaries' Conference for the current year has just closed in this city. Out of 210 Secretaries, Assistants, &c., now on our list, 129 were in attendance, and 26 persons also attended with a view of familiarizing themselves with the work, and of accepting the position of General Secretary as they may be called to it.

A little reflection will impress upon all a sense of the very great importance of these Conferences to the work of the Associations, and furnish a remarkable testimony to the progress that has been made during the last eight years. An illustration of this progress is found in the fact that eight years ago at the Conference of General Secretaries at Poughkeepsie, 31 were present, representing the Associations of the Continent. In February last a Conference of the Secretaries of one State was held, with 33 in attendance, more than for the whole country in 1873.

## XVII.—The Committee recommends:

- 1. The continued use of the Life-Membership Certificate.
- 2. The observance of the second Lord's day in November as a day of prayer for the blessing of God upon the Associations and their work.
- 3. Authority to the Committee to hold Parlor Conferences, where the work of this Convention shall be presented.
- 4. Instruction to the Committee to prepare and issue each year a Year Book, containing statistics of the Associations.
- 5. The Topics for Daily Prayer Meetings, compiled under direction of a member of the Committee, have been so useful that the Committee feels justified in recommending the Convention to authorize their preparation for the two coming years.
- 6. An increase of the fund placed at the disposal of the Committee for the current year to the sum of \$30,000, in view of the growing magnitude and importance of the specific fields of effort open to us, viz.:
  - (1) At the East and Northeast.
  - (2) At the West and Northwest.
  - (3) At the South and Southwest.
  - (4) In the Dominion of Canada.
  - (5) Among Colored Young Men.
  - (6) Among Railroad Men.
  - (7) Among German Young Men.
  - (8) Among Students in Colleges.
  - (9) Among Commercial Travelers.
- (10) General visitation of the better organized fields, including attendance at State and local Conventions.
- (11) The work at the Central office, including correspondence, and the distribution of printed and written information through circulars and the newspapers.

- (12) And as of special importance the work of selecting and locating General Secretaries.
- (13) While the Committee does not recommend the adoption of the Watchman as the organ of the Associations, it feels justified in requesting the Convention to urge upon the Associations the most earnest efforts to increase its circulation, for it substantially represents the views of the best friends of work in behalf of young men.

[The reports of the various Secretaries of the Committee and its corresponding members, and a detailed financial statement, are herewith submitted.]

# Reports of Secretaries of the International Committee.

## BIENNIAL REPORT OF RICHARD C. MORSE,

General Secretary.

I.—The reports of the various Secretaries submitted with this, indicate decided growth and progress in every department of the wide-reaching work entrusted to the Committee. This growth has been sensibly felt at the Central office, where it has increased the correspondence and labors of the General Secretary; for at this office each tour of every Secretary is planned and arranged, and stated reports from each Secretary and letters from all points visited relating to the work are received. The results thus ascertained are in turn communicated to the many friends of the work, who in this or in previous years have contributed to carry it on, and whose continued sympathy and support are indispensable to its further prosecution.

## II.—MEETINGS OF THE COMMITTEE.

Each month the Committee holds a meeting in the office, at which the whole work as placed in its hands is considered. The correspondence is brought to its attention, and all questions relating to the distribution of labor over the entire field are carefully considered, and general instructions decided upon to be carried out by the sub-committees and the General Secretary.

A report of each meeting is sent to each of the non-resident members. The Treasurer's books are also kept at the Central office.

#### III.—THE STATE AND PROVINCIAL CONVENTIONS.

Representatives of the Committee were present at each one of the fifty-three State and Provincial Conventions held since June, 1879. Nearly two thousand delegates and members attended these meetings each year, from four hundred Associations, a far larger number than can ever be gathered at the biennial International meeting. At each Convention one or more Secretaries of the Committee were present, every department of the International work was presented, and the intelligent cooperation of the Associations secured in reaching more effectually through the local work all classes of young men.

Such information was also given about State and Provincial work in other parts of the Continent as was helpful to the delegates in developing the usefulness of their own State and local work.

In connection with these State and Provincial meetings, it is interesting to notice another class of Association meetings, viz.: the District Conferences, in States where a State Secretary is employed, and where through him the State work is well districted and organized. A far larger number of representatives of the Associations come together at these district meetings than can be assembled at any State Convention. For example, in one of the States, where the attendance the past two years, at the State Convention, has been, each year, 174 dele-

gates, representing 64 Associations, at the District Conferences each year the attendance has aggregated 350 delegates, representing 80 Associations. If all the States were equally well organized, thousands of young men would be assembled each year for the sole purpose of stimulating each other in this blessed work for Christ among their fellows.

[A carefully tabulated statement concerning the State and Provincial Conventions is found on the following pages.]

## IV.—COMMERCIAL TRAVELERS.

Following the instructions of the Baltimore Convention the Committee prepared and issued what is known as the Commercial Travelers' Ticket, and by correspondence with the Associations, one hundred and seventy societies located in our principal cities have united in the use of this ticket guaranteeing to each Commercial Traveler who shall join any one of these Associations, all the advantages he would enjoy as a resident member of all the one hundred and seventy societies.

To promote the use and usefulness of this ticket, an experienced Christian Commercial Traveler, Mr. E. W. Watkins, has visited, under the direction of the Committee, a number of the principal cities enlisting many Commercial Travelers in this work.

### V.—PERSONAL VISITATION.

His work at the Central office has made any extended visitation by the Secretary impracticable; but he attended Parlor Conferences at Milwaukee, Minneapolis, St. Paul, Chicago and Cincinnati. At each of the conferences, members of the Committee were present and the work was carefully stated.

The Secretary also visited Louisville, Cincinnati, St. Louis, Pittsburgh and Montreal, meeting with the friends of the Associations and of the International work.

At Quebec, in May, and at Lynn, Mass., in November, 1880, he attended and took part in the dedication of the beautiful new Association buildings erected in these cities. He has also attended conferences of Christian Students at Yale College and of Cadets at West Point.

#### VI.—SECURING LOCAL SECRETARIES.

An important part of the correspondence during the past year has related to the many calls for General Secretaries coming up from local Associations.

Through a very generous provision made by a member of the Committee during part of 1879-80, nine young men, having apparent qualifications for the work of a Secretary, enjoyed the advantage of spending some weeks with a competent Secretary and in contact with the vigorous, many-sided Association work under his charge. They in this way became familiar with and prepared to discharge the duties of this important office. Other young men, who had been led to think of entering upon the work of a General Secretary, sought through the Committee similar training. In this way the Committee, through correspondence and direction from the Central office, has dealt during the past two years with 161 young men with a view to the Secretaryship. Of these, 56 have for various reasons prosecuted the matter no further; 48 are in the employ of Associations as Secretaries or Assistants, and concerning the remainder, we cannot now make definite teport.

Of the Secretaries thus located, 32 were settled as a result of the labors of the Committee's Secretaries, who had previously created an intelligent de-

mand for the work of the local Secretary, and secured the financial support needed for such an officer.

Such an increase in the number of Secretaries is a mark of decided progress. But much more remains to be done in this direction. The census of 1880 reports 300 cities in the United States with over 7,500 inhabitants, in each of which an Association employing a General Secretary should exist. Only 94 of them now enjoy the services of such an officer. And the locating of Secretaries in the remaining 206 cities is the problem yet to be solved by the International and State Committees in this department of their work.

VII.—Owing to careful correspondence from the Central office, the Day and Week of Prayer in November for Young Men and Young Men's Christian Associations were very generally observed in both 1879 and 1880.

Letters were sent each year to one thousand Associations, and to several hundred prominent laymen. Many religious awakenings dated from this season of prayer.

Following the recommendation of the Baltimore Convention, each year nearly 200 Associations and a number of churches took up collections in aid of the International work, as reported by the Treasurer.

Since the Baltimore Convention 35,000 copies of the pamphlets upon Association work published by the Committee have been distributed, 103,000 circulars have been sent out; several thousand items for the press have been prepared and published, and letters mailed.

## BIENNIAL REPORT OF ROBERT WEIDENSALL,

Western Secretary.

During the past two years in the Western field true Young Men's Christian Association work has been more closely adhered to and in greater demand than ever before. All substitutes for it, after persistent trial, have been well nigh laid aside. As a necessary consequence, a definite and satisfactory work has been done. This has been to a considerable extent the result of the persevering efforts put forth by the International Committee through their agents and agencies.

Vigorous efforts have been made by the State Committees, with gratifying results, to render existing Associations more efficient, as well as to form new organizations in the larger places and in institutions of learning. Practical and intelligent assistance is now afforded every department of Association work, for Railroad men, Commercial Travelers, Students, Germans, etc., as each class is ably represented on the Boards of Directors of the individual Associations and on the State Committees.

The growth of the Associations in the larger places, and the strict adherence to Association methods of work have created a demand for General Secretaries and assistants to prosecute the work.

Accordingly, eleven new Secretaries and assistants were added to the list last year:—George T. Howser, Omaha, Neb.; W. H. Clement, Racine, Wis.; Harry F. Sayles, Davenport, Iowa; J. C. Huntington, Minneapolis, Minn.; A. M. Dawson, Richmond, Ind.; J. S. Johnson, Rockford, Ill.; Wm. N. Fisher, Peoria, Ill.; Will S. Mather, assistant, Chicago, Ill.; Asa B. Bixby, Knoxville, Tenn.; Wm. R. Ramsey, assistant, and Geo. R. Witte, German Secretary, Louisville, Ky., and

Twenty-three were added this year:—L. P. Rowland, Grand Rapids, Mich.; Fred. Johnson, Michigan City, Charles P. Whiting. Logansport, Prof. Chas. A. Boyle, Richmond, and Daniel G. Carpenter, La Fayette, Ind.; Geo. S. Avery, Rockford; J. H. Burke, superintendent membership, Chicago, Ill.; D. L. Mulford and A. M. Wilson, R.R. Secs., Chicago, Ill.; F. M. Hauser, Bowling Green, E. H. Tyler, Owensboro, and S. C. King, R.R. Secretary, Louisville, Ky.; J. E. Defebaugh, Burlington, and A. M. Scott, Des Moines, Iowa; C. E. Paxson, General Secretary, R. W. Swayne, assistant, H. F. Williams, R.R. Secretary, Kansas City, and Geo. W. Jones, Assistant Secretary, Jno. Kessler, German Secretary, J. R. Johnson, R.R. Secretary, and W. H. McGee and J. S. Sutton, Assistant R.R. Secretaries, St. Louis, Mo.; and Mr. Lichtenberger, St. Paul, Minn.

A number of other places are nearly ready to employ Secretaries when suitable persons can be found.

The advanced ground taken in Association work has resulted in more practical efforts in the State Conventions and Conferences, in the selection of more efficient State Committees, in the performance of more systematic work and in a greater demand for the services of suitable State Secretaries. Good State Secretaries are necessary to a healthy growth of the work in any State. Without them, both time and opportunity are needlessly wasted. From \$500 to \$1,000 have been raised in each of the States for State Secretaries' work, but could not be well used, as good men were not available for such limited times

as these amounts would compensate for, and especially at the time of year when most wanted.

This growing demand can only be reasonably supplied in one of two ways—first, by outside help to the State Committee for several years in raising the amount necessary for each State to employ a Secretary; or, secondly, by a combination of States, each contributing its proportion of the Secretary's support, and receiving a due share of his services. But neither of these will be successful under the present condition of things without the help of the International Committee.

The help rendered the States by the International Committee, during the two years past, has kept two State Secretaries in the field—in Illinois and Wisconsin—thus practically relieving the Western Secretary of a great amount of work.

Other States, though partially helped, enjoyed only partial services of State Secretaries but were obliged to give them up, as the additional assistance could not be rendered at the proper time. Thus a much greater amount of detailed work must be done by the Western Secretary and other Secretaries of the International Committee than would otherwise devolve upon them.

Help to secure means for the support of Secretaries has been rendered five States, Michigan, Wisconsin, Illinois, Iowa and Missouri, and also six cities, Peoria and Rockford, Ill.; Dubuque and Davenport, Iowa; Omaha, Neb.; and Milwaukee, Wis. All the money was obtained in behalf of distinctive work for young men and in such a manner as would ensure renewal of the amounts annually if properly attended to. Two State Secretaries, L. P. Rowland, of Michigan, and H. F. Williams, of Missouri, have become General Secretaries of local Associations, and J. W. Dean, of Iowa, has given himself up entirely to Evangelical work.

Forty-four new Associations have been organized: eleven in Tennessee, ten in Illinois, eight in Missouri, four in Indiana, three each in Wisconsin and Nebraska, two each in Kansas and Iowa, and one in Michigan.

In every State and by every Association souls have been led to the Saviour, and Christians have been edified and trained for work in his vineyard. Eternity only will reveal the great results of the varied Christian work done by these Associations, wherever carried on. Time and space do not allow special mention of all the work in the States and Associations of the West. Suffice it to say that the general work of the International and State Committees, has been well maintained throughout the two years and with good results.

During the two years I have traveled 52,958 miles, visited 151 cities and towns, many of them several times, called upon 97 Associations, counseled with and otherwise assisted 73 of them, attended one International Convention, 2 International Secretaries' Conferences, 15 State and Provincial Conventions, 17 State Parlor Conferences, 18 State Committee Meetings, 4 District Conventions, 6 Parlor Conferences for individual Associations, 30 Conferences with members of local organizations, 22 Conferences with Boards of Directors, 8 Association Anniversaries, 8 Monthly Meetings and the reception given to Mr. Moody by the St. Louis Association, when it took possession of its new building.

LIST OF CONVENTIONS, CONFERENCES, ASSOCIATIONS AND PLACES VISITED.

Names in parenthesis visited second year.

(1) International Convention, Baltimore.

Two International Secretaries' Conferences, at Chicago, Ill., and Cleveland, Ohio.

- (2) PARLOR CONFERENCES, INTERNATIONAL COMMITTEE.—Minneapolis and St. Paul, Minn., and (Chicago, Ill.)
- (3) STATE CONVENTIONS.—Illinois, Wisconsin, Tennessee, Iowa, Michigan and Nebraska. (Charlottetown, P. E. I., Wisconsin, Tennessee, Kentucky, Missouri, Iowa, Minnesota, Michigan and Nebraska.)
- (4) PARLOR CONFERENCES, STATE WORK.—Council Bluffs, Des Moines, Davenport, Cedar Rapids, Clinton, Boone, Marshalltown, Muscatine, Ottumwa and Keokuk, Iowa; Evanston and Chicago, Ill.; Fond du Lac, Beloit, Portage City and Eau Claire, Wis. (Madison, Wis.)
- (5) STATE COMMITTEE MEETINGS.—Grand Rapids and Detroit, Mich.; Decatur and Chicago, Ill.; Milwaukee and Geneva Lake, Wis., and Des Moines and Cedar Rapids, Iowa. (Chicago, Ill., Milwaukee, Wis.; Des Moines, Iowa, Louisville, Ky., St. Louis, Mo., and Omaha, Neb.)
- (6) DISTRICT CONVENTIONS.—Paris, Ill., New Castle, Ind. (Wilton Junction Iowa, and Pierce City, Mo.)
- (7) PARLOR CONFERENCES WITH INDIVIDUAL ASSOCIATIONS.—Peoria and Rockford, Ill.; Dubuque and Davenport, Iowa; Omaha, Neb.; and Milwaukee, Wis. (Lincoln, Neb.)
- (8) Conferences with Association Membership.—Springfield and Rockford, Ill.; Omaha, Neb.; Ludington and Cadillac, Mich.; and Davenport, Iowa. (Charlottetown, P. E. I.; Pictou, Antigonish, New Glasgow, Truro and Halifax, N. S.; St. Johns, Moncton and Frederickton, N. B.; N. W. College, Naperville, Ill.; Owensboro, Centre College, Danville, Lexington University, Lexington, and Berea College, Berea, Ky.; Washington, Des Moines, Burlington, Oskaloosa, Knoxville and Davenport, Iowa, and Saginaw, Mich.)
- (9) Conferences with Boards of Directors.—Burlington, Dubuque and Davenport, Iowa; Milwaukee and Hudson, Wis.; Paris, Decatur, Peoria, Northwestern University, Evanston, and Chicago, Ill.; Omaha, Neb.; and Richmond, Ind. (Charlottetown, P. E. I; Pictou and Truro, N. S.; St. John and Moncton, N. B.; Milwaukee, Wis.; Kansas City, Mo.; Topeka, Kansas; Des Moines, Iowa; Chicago, Ill. and Minneapolis. Minn.)
- (10) ASSOCIATION ANNIVERSARIES.—Chicago, Ill., and Richmond, Ind. (Paris and Chicago, Ill.; Topeka, Kansas, and Des Moines, Iowa.)
- (11) MONTHLY MEETINGS.—Chicago, Ill.; Burlington, Iowa, and St. Louis, Mo. (Chicago, Ill.; St. Louis, Mo.; Davenport, Iowa; Louisville, Ky., and Omaha, Neb.)
- (12) Assisted In Organizing Associations.—North Western University, Evanston, Ill., and Columbus, Mo. (Moncton, N. B.; Antigonish, N. S.; State University, Lexington, Ky.; Bowling Green, Ky., and Medical Branch, Louisville, Ky.)
- (13) OTHER CHRISTIAN BODIES VISITED.—General Synod Evangelical Lutheran Church of America, Wooster, O.; German Baptist Association of the North West, Racine, Wis.; General Conference M. E. Church, Cincinnati, O.; General Conference African M. E. Church, St. Louis, Mo.

## BIENNIAL REPORT OF THOMAS K. CREE,

Traveling Secretary.

1. THE MARITIME PROVINCES.—Since the Baltimore Convention, the Traveling Secretary has twice visited the Maritime Provinces, attended the Provincial Convention at St. John, and spent a month with Mr. Geo. A. Hall in visiting the various Associations. The Associations without General Secretaries, are suffering for the want of the supervision and assistance of a competent Provincial Secretary. In every Association there are those who are deeply interested in definite work for young men, yet many of them are doing very little for this class, and the Associations largely neglect all social, mental and moral work for young men, except the use of a reading-room. The Provincial Committee recognizes the importance of such an agent, and has been very desirous of employing a competent person for the position.

In Nova Scotia there are two General Secretaries and three buildings.

In Prince Edward's Island, one General Secretary and one building, and in New Brunswick one Secretary and two buildings. During the past year a fine building has been dedicated at Pictou. During the month Mr. Hall and the Traveling Secretary were in the Provinces, visits were made and conferences held with the Associations at Halifax, Yarmouth, Annapolis, Amherst, Truro, Antigonish, Pictou and New Glasgow; also, at Bridgetown, Kentville and Great Village.

In New Brunswick, a parlor conference was held at St. John, and visits were made and conferences held with the Associations in Norton, Campbellton and Frederickton. At Moncton, an important railroad centre, an Association was organized. Meetings were held also at New Castle and Chatham. The meetings were all in the interest of the Associations; definite work for young men was presented, and the mental, moral and social phases of our work were urged upon all Associations, as well as an active religious work.

The Associations have met with a great loss in the death of Mr. John B. Morrow, who for years has been one of the main supporters of the Provincial work.

There has been little or no growth in Association work during the past two years, no increase in the number of Secretaries, and few Associations organized. The Convention of the Maritime Provinces of 1879 was attended by the Traveling Secretary, and that of 1880 by Mr. Weidensall.

In ONTARIO and QUEBEC, two important cities have secured General Secretaries. London, Hamilton, Port Hope and Kingston had dispensed with their The convention at Ingersoll the past winter was a practical one. The need for district organization with district conferences was felt by the Provincial Committee, as well as the necessity for a Provincial Secretary, who shall give his time to visiting the Associations and stimulating definite work for young men. They have not been able to secure one adapted to the work or he would now be in the field. At London the Traveling Secretary spent two The Association Building would have been lost and the Association disbanded but for the effort put forth during his visit. The money necessary to save it was secured, the Association reorganized, and a new Secretary placed At Ingersoll, following the convention, arrangements in charge of the work. were made for paying off a burdensome debt and inaugurating a more active work. Representatives of the Committee visited Hamilton at different times and urged the importance of a General Secretary, and one has recently been placed in charge of the work.

2. In New England there has been a marked growth in the work. Since the Baltimore Convention, General Secretaries have been located, with the cooperation of the International Committee, at Portland, Me.; Manchester and Concord, N. H.; Lynn, Haverhill, Newburyport and New Bedford, Mass.

The Traveling Secretary attended the State Conventions of 1879 in Massachusetts, Connecticut and Rhode Island. The work of the State Committees is rapidly growing in the direction of organizing and developing Associations, and stimulating definite work for young men. The following points were visited: Portland and Bangor, Me.; Newport, Vt; Boston, Lowell, Haverhill, Newburyport, Worcester, New Bedford, Somerville and Great Barrington, Mass.; Providence and Newport, R. I.; and New Haven, Hartford and Bristol, Conn.

3. In the South.—In almost all the larger cities of the South a Secretary has been placed, and the work gives promise of permanence. At a few points inexperienced men have been engaged, and the work has not yielded as good results as was hoped for, but the need for trained Secretaries and the undesirableness of taking men unacquainted with Association work, has been clearly demonstrated, even to those who have but little acquaintance with the work Associations are designed to do.

General Secretaries are now located at Petersburg, Va.; Charleston and Columbia, S. C.; Atlanta and Savannah, Ga.; Montgomery, Selma, and Mobile, Ala.; New Orleans, La.; Nashville and Knoxville, Tenn; Louisville, Owensboro and Bowling Green, Ky.

The number of Associations in the South has not of late been increasing, but in real Association work, under the efficient management of Secretaries in the city centres, which will gradually develop the regions about them, decided progress has been made.

In Tennessee, the District system has borne good fruits in stimulating the Associations, and the activity in the College Associations has exerted a helpful influence.

In Virginia, in the section of the State where the District system has been inaugurated, the Associations are growing, while, in the remainder of the State, except in the colleges, and in one or two cities, but little is being done.

In North Carolina, the Associations have about held their own; and, in South Carolina, there has been some growth.

In Kentucky, there has been real progress.

5. IN THE WEST.—The Traveling Secretary spent some time in Michigan, and arranged for one General Secretary, and aided the Detroit Association in planning for and securing funds for a new building. There is a grand field for Association work in this State.

At Denver, through the efforts of Mr. H. B. Chamberlin and the Traveling Secretary, the Association was reörganized, and a Parlor Conference held, which was attended by Mr. Chamberlin, Mr. Ingersoll and the Traveling Secretary; the result of which was to secure the means necessary to carry on the work and employ a Secretary, who is now in charge of the work.

At Leadville, money to carry on the work was pledged, and an effort made to place a General Secretary. A similar effort was made, by Mr. Chamberlin, at Colorado Springs.

5. THE PACIFIC COAST.—The Traveling Secretary has spent the last five months—Jan.—May, 1881—on the Pacific coast, where he has assisted Messrs. Moody and Sankey in their effort to secure the Association building and reorganize the Association.

The Association had for years done little or no distinctive work for young men. Its building was appropriated to other purposes. It had lost the sympathy of the ministers and largely of Christian people, and was in debt to the amount of eighty-three thousand six hundred (\$83,600) dollars. The entire amount of the debt was raised, the old management resigned, new officers were elected, and the Association work was put upon a new basis. The ladies have raised some two thousand dollars to refurnish and repair the building, the rooms have been occupied, Mr. H. S. McCoy, of Lowell, has accepted a call to the Secretaryship, and there is every prospect of a good work being done.

With an active Association at San Francisco, well organized under an efficient Secretary, the Association work on the coast will soon take a new start, and there are several points that will need Secretaries.

The Association at Oakland has employed a Secretary. The work of Messrs. Moody and Sankey and their co-laborers on the coast has greatly quickened religious life. Many young men have been converted and an interest in work for young men generated, that will call for new organizations at an early day.

## BIENNIAL REPORT OF EDWIN D. INGERSOLL,

## Railroad Secretary.

Sixteen Secretaries, "engaged exclusively in work among Railroad Men," were reported to the Baltimore Convention in 1879.

Two of these, not supported by railroad companies, had to seek other employment. Another is simply Librarian of a Railroad Reading-room Association. The Railroad Secretary of the International Committee was included in the number, leaving twelve Secretaries in local work among Railroad Men.

Since then, Secretaries and Assistants have been placed by the Young Men's Christian Association in its Railroad Department, chiefly by the International Committee and its Secretary, as follows, viz: In Chicago, 3; 30th Street, New York City, 1; Syracuse, N. Y., 1; Hornellsville, N. Y., 1; B. & O. R.R. Branch, Baltimore, 1; Oneonta, N. Y., 1; Buffalo, N. Y., 2; Albany, N. Y., 2; Little Falls, N. Y., 1; Kansas City, Mo., 2; Louisville, Ky., 1; St. Louis and East St. Louis, 2; Green Island, N. Y., 1; Troy, N. Y., 2; East Albany, N. Y., 1; Rochester, N. Y., 1; and Scranton, Pa., 1, making an addition of 24 in two years, and a total of 36 Secretaries and Assistants. Eighteen of these are in one State, nine upon the pay-rolls of one road.

In Montreal, a Christian worker, supported by a single individual, labors mostly among railroad men. Two Christian men are employed as Librarians by railroad companies. Several boys and temporary Assistants are employed by our Railroad Branches, but only Secretaries and Assistants, who are regularly in training for the work, are now included in the list of Railroad Secretaries.

Of the 36 Secretaries and Assistants now in Railroad work, 23 were trained in Young Men's Christian Associations. Twelve had been General Secretaries of such Associations. Thirteen had been in railroad, express, palace car, telegraph or car-builders' service.

The standard of the Secretary's work has been raised in this as in other departments of Young Men's Christian Associations. Officials who appropriate funds of the companies to the support of these men, justly expect the best possible service for the money.

The Railroad Secretary is not simply to keep a record of books drawn and returned; but knowing both the men and the books, he should be able to stimulate or help each man in his choice and use of books. He should be able to give instruction in penmanship and arithmetic, at least, to those whose early advantages were limited. It is desirable that he be able also to instruct in telegraphy, phonography, and other branches of practical use to men in railroad service.

He should be a competent assistant to the surgeon, and know how to apply a compress or bandage. To succeed he must be able to organize and lead in the various departments of social, educational and Christian work.

In some of our Railroad Branches, a good beginning has been made in personal and class instruction Scientific and practical lectures and talks have filled the rooms to their utmost capacity with railroad men.

Libraries have increased in number, size and quality. Scientific and professional books have been added to several, and proved more attractive to railroad men than lighter reading.

Buildings have been erected at Galion, O., and East St. Louis; both built for and adapted to this work and paid for.

Officials of many important roads have, after careful investigation, become liberal supporters of the work. One who looks very carefully after all the expenditures of a road which appropriates more than five thousand dollars a year to this work, said recently, "Our company expends no money that pays better."

Support is secured for Secretaries at several new points where organization is only delayed by want of time and of experienced Secretaries to take charge of Assistant Secretaries are employed at several places, and thus the work. trained for the work, but not nearly fast enough to supply the demand.

The plan upon which the work was first organized and successfully prosecuted in Cleveland—as a Branch or Department of the Young Men's Christian Association—has proved best, and so most satisfactory to railroad officials.

Spiritual results call for profound gratitude. Conversions are reported from all quarters. From some of our Railroad Branches accessions to churches have been numerous and constant.

## SUMMARY FOR TWO YEARS.

Twenty-four Secretaries and Assistants placed in charge of Y. M. C. A. work among Railroad Men.

244 visits to 82 places, traveling 63,414 miles. Attended 11 State Conventions, 2 State Committee Meetings, 5 Parlor Conferences, 10 Anniversaries of Associations and Branches, 4 Y. M. C. A. Receptions to Railroad men, 26 Executive Board Meetings, 4 District Conferences, Dedications of 2 Railroad Buildings, 1 Dedication of Railroad Rooms, 3 Secretaries' Conferences, 1 Conference of New England Workers, 1 International Railroad Conference, 1 Sunday School Assembly, delivered 119 Addresses and held 226 conferences with two or more railroad officials, men, pastors and officers of local Associations.

## xxxiii

## REPORT OF L. D. WISHARD,

## College Secretary.

The College Young Men's Christian Association is formed for the purpose of prosecuting, in a thoroughly organized manner, the following kinds of work:

- 1. Students' Prayer Meetings.
- 2. The Systematic study of the Bible.
- 3. Individual effort, by which new students who are professing Christians may be led to openly commit themselves as such, and by which the unconverted may be brought under such influences as will result in their salvation while at College.
- 4. The development of Foreign and Home Missionary spirit by means of monthly Missionary Meetings.
- 5. Work in the College neighborhood among Sunday schools, prayer meetings, &c.

During the past two years. I have sought to develop the foregoing kinds of work, in accordance with the following plan:

- I. Correspondence.—An extensive correspondence has been maintained with existing Associations and with Colleges where the work was not organized. Three thousand letters in all have been written, in which information has been given and suggestions made concerning the object and methods of the work. Many College Associations also exchange letters, through their Corresponding Secretaries and Committees.
- II. Publication.—Fifteen issues, or 60,000 copies, of the College Bulletin have been distributed. During the past year I have furnished one copy a month to each member of each Association, and have also sent six copies monthly to those colleges where the Association has not been formed. I believe the Bulletin to be indispensible in the prosecution of the work.

The Watchman has increased in circulation among the College Associations, and I have urged, in many cases with success, subscription to The Gospel in All Lands, by which students are kept informed in regard to the remarkable progress of missions in all parts of the world.

- III. Conventions.—Since the fall of 1879, I have attended one District and thirteen State Conventions, meeting there in conference 250 students from 68 colleges. To these College delegates the distinctive character of the College work was carefully explained. In addition to these conventions, 164 students have represented 41 colleges at 26 other conventions. Ten of these conventions were held in college towns, by means of which not less than 2,500 students were brought under the direct influence of the work. Much of the success of the work has resulted directly from these conventions. They have been turning points in the lives of very many students.
- IV. College Visitation.—I have since the 1st of October, 1879, made 96 visits to 86 colleges in 22 States and the Provinces of Ontario and Quebec. In this way the work has been carefully brought to the attention of at least 10,000 students. In addition to the public presentation of the work and the conduct of such devotional meetings as opportunity affords, many private interviews

## xxxiv

have been held with small groups of students, and efforts made to awaken the interest of some one student in behalf of some one special phase of the work. The principal thought emphasized in this work is, that as the International work exists for the purpose of stimulating individual Associations, so the individual Association is formed for the purpose of leading individual members to the full discharge of their duties.

#### V. Results.—

- 1. 120 College Associations are now in active operation, an increase of 66 since the Baltimore Convention.
  - 2. These Associations contain a membership of 5,982 students.
  - 3. 120 Associations conduct Students' Prayer Meetings.
  - 4. 47 have Bible Classes.
  - 5. 57 hold monthly Missionary Meetings.
  - 6. 46 are engaged in work in the College neighborhood...
- 7. Nearly all of the Associations have adopted the College Y. M. C. A. Constitution drawn up by the College Conference at Baltimore. By this means a uniformity of method has been secured which greatly facilitates the efforts of the International Committee in aiding individual Associations.
- 8. 80 observed the Day of Prayer for Colleges, on the last Thursday of In accordance with a request made in a circular issued previous to that day, a large number engaged at that time in individual work among the unconverted with the most encouraging results.
- 9. Revivals of religion have occurred in many colleges as a direct result of Association work. We would be cautious in making numerical statements in this connection. But for the encouragement of the twenty-five students, who, when inaugurating the work, said, "This movement will pay if it results in the salvation of but one student," as well as for the encouragement of the 6,000 students now connected with the College Associations, we feel it a right to state that during the past two years over 2,000 students have professed Christ in colleges where the Association is organized.

#### LIST OF CONVENTIONS ATTENDED.

Michigan, Oct. 9 - 12, 1879. Outario and Quebec, Oct. 23 · 26, 1879. Kentucky, Oct. 30, Nov. 2, 1879. Missouri, Nov. 6 · 9, 1879. New York, Feb. 12 · 15, 1880. Illinois, Aug. 26 - 29, 1880. Wisconsin, Sept. 23 - 26, 1880. Tennessee, Sept. 80, Oct. 3, 1880.

Massachusetts, Oct. 19 - 20, 1880. Missouri, Nov. 18 - 21, 1880. Iowa, Nov. 25 - 28, 1880. Michigan, Feb. 24 · 27, 1881. District Convention, Evanston, Ill., Feb. 11 13, 1881. Nebraska, April 15 17, 1881.

## BIENNIAL REPORT OF FREDERIC VON SCHLUEMBACH,

German Secretary.

The report of the work among German young men must compare unfavorably with that, for example, of work among Railroad Men or among College Students, but if you will consider the difficulties arising from differences in language and in religious and social life, that are necessarily encountered, you will rejoice that your German Secretary is able to make so favorable a report as the one now submitted.

The German work of the International Committee has passed its crisis, and is no longer considered an experiment, but is a recognized factor in the development of Christ's cause in America, inspiring and strengthening many German churches, awakening drowsy members, cheering the more earnest, and inciting

thousands of young men, heretofore inactive, to consecrated Christian effort in behalf of their fellows. From all sides come words of commendation and encouragement.

This is a noteworthy change in our favor, and the reasons are apparent. By the grace of God your agent has been able to establish strong Associations in a number of our larger cities, and these organizations are daily gaining in strength and influence. What at the last International Convention seemed almost an impossibility, has now been achieved, viz., the entire reorganization of the German Associations in important centres as branches of the Young Men's Christian Associations. This has been accomplished at St. Louis, Louis-ville, Chicago, Milwaukee, Detroit, Cleveland, Boston, New Orleans and New York, by the almost unanimous consent of the members and the German clergy. Earnest requests for similar work have been received from Brooklyn, Philadelphia, Baltimore, Rochester, Syracuse, Buffalo, Wheeling, St. Paul, and smaller cities.

This makes it the chief work of your agent to devote several weeks of continuous service to each place, to build up the work begun; and very often it is necessary to revisit places, and help the brethren in overcoming difficulties unforeseen at the outset.

The organization of German Branches necessitates the placing therein of safe leaders, and the effectiveness of our methods of work is seen in the fact that young men adapted to be German Secretaries are being brought forward at different points with this object in view. We have now six German Secretaries, located at St. Louis, Chicago, Cleveland, Louisville, Boston and New York, who devote their whole time to the work, and who already are found indispensable to its proper enlargement. We rejoice to observe an increasing desire, among educated German Christian young men, to devote themselves to this service.

The German Associations are better comprehending the great principles which underlie our work, and are therefore increasing in numbers and influence and becoming more and more self-supporting. Their influence is especially noticeable among the German religious press, which begins to devote more space to the movement, and deserves our most sincere thanks for its kindness. The counsels and suggestions received from that source are of no little value in our work.

Special developments of the last two years have been the conversion of young men who formerly were strangers to God and his church, and the enlistment in practical Christian effort of hundreds of German youths who before did not see what they could do in the church of Christ.

It is found necessary among the Germans that the young men should be encouraged to band themselves together in local (church) associations to aid their pastors and churches. Such societies have already proved a good recruiting agency for the German Young Men's Christian Associations.

One of the prominent features of the work of your agent is to hold conferences with German young men, business men, and members of Associations, exchanging views, asking and answering questions, and informing them concerning other Associations and their work. These private meetings have proved very efficacious, so far, and calls for more are pouring in from all sides.

The correspondence has wonderfully increased and has become quite burdensome, but it helps greatly to develop the work, especially at points where personal visits are impracticable

## xxxvii

It is proper to mention, also, the work which your agent is often required to do for English-speaking Associations, as at anniversaries, State conventions, etc., by which the cause at large is presented to the people and wins many friends. On such occasions, he has been instrumental in raising something like fifteen thousand dollars for the promotion of Y. M. C. A. work in various cities or States. It is to be regretted, however, that this work must be done by your German Secretary, for it consumes much valuable time which should be devoted to his special department.

The fact that our German friends are beginning to understand that this important undertaking to save their young men needs funds is very encouraging, and hopes are entertained by your Secretary that the time will soon come when it will no longer draw so heavily upon your treasury; but this will not be till the Germans all over the land fully comprehend its utility and absolute necessity.

We are working hard to get all our organizations to report regularly. From personal observation, your agent knows that in the United States there are at least one hundred, with over 2,000 members.

To enable you to understand the amount of labor connected with the office of trust and honor which you have placed under my care, I append a summary, referring for further particulars to the report of the Statistical Secretary of the German National Bund:

From June 1, 1879, to May 1, 1881.

Attended State Conventions. 15

Conferences held. 67

Sermons, Lectures, Addresses. etc. 723

Miles traveled. 31,350

Lafayette, Ind., April 28-29, 1881.
Newburyport, Mass., Feb. 7, 1881.

## BIENNIAL REPORT OF H. E. BROWN,

Secretary for Work among Colored Young Men.

The first five months of constant labor in this department included January to May, 1880, and were spent in Bible work in leading cities along the Atlantic coast. There was such solemnity and earnestness manifested among the workers and such a deep movement in the various Sunday schools and churches that it seemed, and was often remarked, as the work of God and not of man. The Spirit had evidently gone before and prepared the way. Extensive reports of the meetings were widely circulated by friendly editors in the Carolinas and Georgia, and the way was thus opened for meetings in all directions. For a fuller report of these five months, see the Year Book for 1880.

The hot months, June to August, were consumed in rest, correspondence and preparation of Bible readings and a pamphlet of Bible prescriptions.

September and October were spent in the North in Association Conventions, parlor conferences and visiting friends of this department.

November, 1880, to May, 1881, except ten days of Bible meetings in Andover, Mass., was spent in the South. During this period the plan of operation was so adapted to the varying conditions of the places visited, and was gradually so modified toward a regular Y. M. C. A. form, that a description of the meetings held in one place would not accurately describe those of another. In some places conventions of Christian workers were gathered from a considerable section; in other places the work was limited almost wholly to the people of the vicinity or school.

Political excitement, protracted cold weather and storms, united with sectarianism in some places, proved serious hindrances.

A part or all of the following work was done in each place.

Consecration Meetings for self examination, prayer and conference and renewal of covenant, and waiting upon God for his anointing.

Medical Conferences for considering the manifestations and nature of the different forms of soul disease, together with the suitable Divine Remedies, how to use them, and what results to expect. A small book of Bible prescriptions given to every constant attendant.

Lectures on Science, showing God's wisdom, power and goodness, "by the things that are made." Printed outlines furnished.

Bible Readings. A few passages selected from the Bible, and carefully arranged upon such topics as, The Harvest, God's feelings toward Sinners, New Birth Necessary, Conditions of Prevailing Prayer, Holiness Possible and Necessary,—read by any, enforced by the leader, prayed over by all. A printed copy of each reading given to each worker.

Cottage Meetings in the homes of the people wherever desired, led by various workers, repeating in brief the Bible reading or Consecration service of the day, preceded by a half hour of visitation, by the workers, among the people of the neighborhood.

Gospel Services at night, under the direction of the several pastors.

The time spent in a place varied from a single day to several weeks. The following places were visited: Hampton and Norfolk, Va.; Newberne, Dudley and Tarboro, N. C.; Charleston, Orangeburg and Columbia, S. C.; Atlanta and

## xxxix

Rome, Ga.; Talladega and Athens, Ala.; Chattanooga, Whiteside and Nashville, Tenn.; Berea, Bowling Green and Louisville, Ky.

The following estimate of work for the last six months is approximate and in round numbers:

Bible Readings held	85
Preaching Services	50
Lectures on Science	45
Conferences on Soul Medication	35
Other Addresses and Meetings held	40
Aggregate Services,	255
Ontlines of Readings and Lectures distributed	10,000
Bible Prescriptions, Pamphlets	
Aggregate Helps Distributed	11 000
Aggregate Helps Distributed	
Communications by Writing	400
Communications by Printing.	2,000
Aggregate Communications	.2,400
Different persons met in training classes or conferences:	*
Students	1,100
Common School Teachers	
Sunday School Teachers	170
Pastors.	130
Preachers	80
Other Christian Workers	140
Deduct for those counted twice	. 310
Aggregate Persons	. 1,600

The results, though quite unlike in the different places, may be summed up as follows:

Many brethren brought together, in training class work, who had never before felt the stimulus of a united effort.

Young men enlisted in more specific and systematic work for young men.

Pastors in all denominations and teachers in higher schools and colleges beginning to regard a Y. M. C. A. as a desirable help in church and school.

Old-time methods of religious work replaced with quiet Biblical methods.

Favorable regard for Y. M. C. A. secured in minds of young men now in school but soon to be scattered throughout the South.

## REPORT OF E. W. WATKINS,

Commercial Travelers' Secretary.

The work of the Secretary in this department has been of a pioneer character. He has visited city centres and looked up Christian Commercial Travelers, brought them together in conference, and organized them into committees of the Associations.

The following cities have been visited, each of which now has a committee of Commercial Travelers, who seek through special meetings, or by cards, circulars and personal efforts to interest their traveling companions in the work:—Binghamton, Schenectady, Rome, Syracuse, Rochester, Buffalo, Cleveland, Columbus, Cincinnati, Indianapolis, Detroit, Chicago, Baltimore, Boston, Lowell, Lynn, Montreal, Brooklyn and New York.

Through correspondence and printed matter suggestions have been given which have resulted in the formation of committees at Poughkeepsie, Toronto, Cumberland, Dayton, Peoria and Mount Carmel, Ill.

Weekly or Monthly Commercial Travelers' Meetings have been established in Boston, Lowell, New York, Binghamton, Rome, Syracuse, Rochester, Buffalo, Cleveland, Columbus, Peoria, Chicago, Detroit and Montreal. We regret that in a few cases these meetings have been discontinued, owing probably to the fact that the Associations did not give them their attention and fostering care until the Committee had gained needed strength in numbers. The frequent absence of Commercial Travelers from home renders a much larger Committee necessary than for other branches of our work, and the officers of local Associations are finding that much patience and persistence are required in developing this department. To show that such efforts are crowned with success, I refer as an instance to the weekly meetings held exclusively for Commercial Travelers in the rooms of the New York Association since the first Sunday in January. The Committee and many strangers, who have been present, have derived great profit from this organized work.

Other cities have also been visited, Commercial Travelers and business men who employ them called upon and made acquainted with the work, and although a committee has not been organized, in most cases the hotels are visited, and invitations to attend church and accept the privileges of the Association are extended. These cities are—Portland, Concord, Manchester, New Bedford, Providence. New Haven, Albany, Ogdensburg, Watertown, Utica, Auburn, Erie, Toledo and La Fayette.

In addition to the meetings held in Association Rooms, several Associations are holding Song Services in the parlors of hotels on Sunday afternoons, and thirty or forty Associations have placed Church Directories in the readingrooms of hotels.

One Association has a room in its building, and a few have a desk in the reception room for the special use of Commercial Travelers.

Seven hundred and seventeen of the *Uniform Tickets*, giving the holders the privileges of the Associations, have been issued, and many instances have been related to me illustrative of the advantages they secure, and the appreciation with which they are regarded. One man prizes the companionship found, another tells how through his ticket he secured a comfortable seat in a crowded church, another of the courtesies shown him at the Association building, etc.

After the year's experience, I am constrained to say concerning this department of the work, that while I see more clearly than ever the many obstacles to contend with, I am the more strongly impressed: 1st. with its importance; 2d. with the adaptation of our Associations to meet the wants of traveling men; and 3d. that while visible results will be slow, they will be sure and permanent.

In addition to Commercial Travelers' work, in June last, I attended the North Carolina State Convention, where I raised about \$200 towards the employment of a State Secretary. Also, in the same month, I spent three or four days in Cumberland, Md., where \$600 was raised for the payment of the salary of a General Secretary. A good man was soon secured.

In July, I spent three days in Portland, Maine, and secured funds enough to put an efficient Secretary at work for six months. This amount was in addition to the \$600 raised by me the previous Fall for the same purpose, but which was applied to the payment of a debt. Since Sept. 1st, a Secretary has

been doing excellent work, and was re-engaged at the expiration of his first term.

In August, I visited Matteawan, N. Y., and raised money enough to employ a General Secretary for four months. The place is still unfilled.

In October and November, I made two or three trips to Manchester, N. H., and persuaded the people to subscribe \$1,100 towards securing a Secretary. A very efficient Secretary is now with them. In November, I arranged for a Parlor Conference in Concord, N. H., and through four or five days' work raised \$800 for a General Secretary. A good man was soon engaged.

In January, I raised money at Ogdensburg, N. Y., to employ a General Secretary three months, and a Secretary is now with them.

In February, I assisted the Amsterdam Association in securing funds sufficient to employ a General Secretary for a year, and an experienced man is now with them.

In March, I visited Charleston, and helped the Association to secure funds to call a new Secretary, and an experienced man entered upon the field the latter part of April.

In March, I also assisted in a Conference at Plainfield, N. J., where a sufficient sum was pledged to employ a Secretary for a year.

In April, I assisted the New York Association in securing a Financial Secretary, and in May assisted for a week the Secretary of the Boston Association in connection with its new building project.

During the year I have attended the following State Conventions, presenting the Commercial Travelers' work and the work at large:—Connecticut, Indiana, Massachusetts, Rhode Island, New York and the Canada Convention. At the close of the latter convention at Ingersoll, I assisted in raising money enough to meet the current expenses of the local Association for a year.

In the interests of the Provincial work I visited and held conferences at the following places:—Hamilton, Port Hope, Cobourg and Kingston. I have also attended District Conventions at Albion, N. Y. and Charlestown, W. Va., the New York Secretaries' Conference at Amsterdam and a local Conference at Dansville, N. Y. I have also attended during the past year, three Parlor Conferences, one Reception to a General Secretary, and presented Association work at twenty religious gatherings.

Early in December the Committee requested that I give some attention to the Secretarial part of the work. In the interim I have corresponded with 81 young men concerning a Secretaryship, and have personally looked up and conversed with 57 of this number. 19 have entered the work, 38 have the question under consideration and 24 have not been encouraged to pursue the matter.

## REPORTS OF CORRESPONDING MEMBERS.

#### NEW BRUNSWICK.

The work of the Associations in New Brunswick, as well as in Nova Scotia and Prince Edwards Island, is under the supervision of a General Committee for the Maritime Provinces, with head-quarters at Halifax. The annual convention was held in Charlottetown, P. E. I., in August, 1880, and was attended by a delegation from the International Committee.

We have no "State Secretary" in the field, but members of the St. John Association have visited their brethren at Norton and Moncton, and held meetings at those places.

It gave us much pleasure to receive an official visit from Messrs. Hall and Cree, representatives of the International Committee. They spent some days in St. John, holding a parlor conference and other meetings, and rendering great practical benefit to the Association. Their most successful work in New Brnnswick was at Moncton, an important railway centre, where they revived a defunct Association, which is now restored to a vigorous and useful existence. Mr. Weidensall also paid a short visit to New Brunswick, holding a parlor conference in St. John.

With regard to the state of the Associations:

St. John is making progress, maintaining much Christian work both inside and outside of the Association building, while it is increasing its membership and usefulness by organizing educational classes in vocal music, elocution, book keeping and penmanship. It has an efficient General Secretary.

Fredericton has met with a great loss in the death of its late president, Thomas Logan. This Association reports a good attendance at its meetings, with some conversions. Under a policy of retrenchment its reading room has been closed for a time, until some debts are mastered.

Moncton, under its new organization, is prosecuting Christian work with vigor among the young men of the town and the railway employees.

Campbellton and Central Norton maintain their organization and meetings. The young men of Greenwich Hill, King's Co., a small country place, formed some two years ago, by their own unaided efforts, an Association, which now has 34 members and holds successful meetings.

JOSHUA CLAWSON, Cor. Mem.

#### NOVA SCOTIA.

The Provincial Convention was held at Charlottetown, the capital of Prince Edward Island, August 12—15, and was attended by seventy-four delegates and corresponding members. Lively interest was manifested in all the meetings, and some fruits have already been revealed

Mr. Robert Weidensall was present at the convention and rendered valuable service in all its work. He also paid a short visit to Halifax and held a conference with the workers there, and some public meetings.

Messrs. Geo. A. Hall and T. K. Cree spent two months in visiting the

Associations throughout the Maritime Provinces, and exerted themselves nobly to arouse the members to a sense of their duty and the public to an understanding of their work. They spent nearly a week in Halifax, where their visit was greatly enjoyed and appreciated.

The brightest chapter in the history of the Halifax Association for the past year is the success realized in the liquidation of the floating debt, which under the vigorous and skilful leadership of our good president has been almost accomplished. This fact, combined with excellent attendance at our public and private meetings, steady increase of members, and faithful performance of Committee work, renders the prospect full of hope.

JAMES M. OXLEY, Cor. Mem.

#### ONTARIO.

The indications of progress in the work are very encouraging.

The Convention at Ingersoll last September, was one of the most practical we have ever had, and we are glad to notice an increased interest in spiritual work, and an evident desire to have it more prominent than in the past.

Messrs. Cree, Watkins and Sinclair rendered valuable service at that time, and Mr. Cree's sojourn of two weeks at London, resulted in much good to the Association there

The railway work received quite a stimulus by a parlor conference, held at the residence of Sir Wm. P. Howland, at Toronto, this winter, when addresses were delivered by Messrs. Russell Sturgis, Jr., E. D. Ingersoll, and S. A. Taggart.

Our Provincial work has suffered for the want of a Traveling Secretary. The Committee has been unable to get one suited to the work. However, quite a number of new Associations have been organized this year.

.General Secretaries are employed at Toronto, Hamilton, Ottawa, London and Brantford.

JOHN J. GARTSHORE, Cor. Mem.

#### PRINCE EDWARD'S ISLAND.

Charlottetown is still the only Association in this Island.

Our work is in fair condition.

The Convention of the Maritime Provinces met with us in August last. I notice one result in the deeper interest which our young men have taken in our work since that time.

We enjoyed a visit from Mr. Robert Weidensall, who gave us many valuable hints as to conducting our work, and the members generally entertain a high opinion of the value of his services to us.

T. C. JAMES, Cor. Mem.

#### ALABAMA.

The Associations at Mobile and Marion are active, especially the former. Those at Selma and Montgomery are not doing well at present. It has been impracticable to hold a State Convention this Spring.

C. W. LOVELACE, Cor. Mem.

#### COLORADO.

The Denver Young Men's Christian Association is doing a good work under management of G. C. Huntington, recently appointed General Secretary.

The Association at Leadville is in a fair condition, and that at Colorado Springs, is struggling to maintain its organization and to do good. No others are in operation in the State.

It is now hoped that when our Denver Union R. R. Depot is finished and occupied, rooms may be obtained in it for a railroad branch, which is greatly needed.

Mr. T. K. Cree, and Mr. E. D. Ingersoll paid us a visit during the past winter. A reception was given them by Mr. John R. Hanna at his residence, and a revival of interest in Association work was thus created, sufficient to obtain funds to employ a General Secretary, and to inspire some hope for the future.

D. MORTIMER, M.D., Cor Mem.

#### CONNECTICUT.

The State Convention held at Meriden last September was well attended.

H. M. Moore, Russell Sturgis, Jr., R. R. McBurney and E. W. Watkins were present, and added very much to the interest of the occasion.

A Special Committee on Associations was appointed at that Convention, which has labored with some of the Associations, endeavoring to stir them up to erect permanent homes for themselves. Some little encouragement has been received.

The labors of the State Committee have been mostly in the line of Evangelistic Work. Not as much has been done as in some other years, but we trust that many souls have been saved by their efforts.

Of the fifteen towns and cities in our State of over 7,500 inhabitants, only seven have active Associations, two have General Secretaries, and one has a building of its own.

The great need in Connecticut is a Secretary who is not burdened with other business, but can give his undivided attention and time to the work.

S. C. JOHNSON, Cor. Mem.

#### ILLINOIS.

The last year has been one of solid growth. Nine Associations have been organized, and others have been quickened into new life. Perhaps the most encouraging feature has been the progress among the colleges. We now have eleven College Associations, four of them organized the past year. Other colleges expect to organize soon.

Our last State Convention, at Peoria, August 26-29, 1880, was the largest ever held in the State, 122 delegates and corresponding members being present. The International Committee was represented by James Stokes, Jr., E. D. Ingersoll and L. D. Wishard, for whose services we desire to express thanks.

Rev. F. Von Schluembach has been a great help to us in the work among the Germans.

E. D. Ingersoll has assisted in developing the Railroad work. Important service has been rendered by Robert Weidensall in developing the State work,

and by L. D. Wishard, who, with the State Secretary, visited eight Colleges and one State Normal School.

Our State is divided into four districts, in each of which there is a District Committee. During the last year one Conference has been held in the first district, three in the second, and two in the fourth. The Association cause has been strengthened through these Conferences.

Six cities have General Secretaries. Our State Secretary has done excellent work among our Associations, and the work now under way will, we believe, produce even better results than have been already accomplished.

A. T. HEMINGWAY, Cor. Mem.

#### INDIANA.

The Association work in the State is in a better condition than ever before. We have not so many Associations, but those we have are upon a better basis. Fourteen Associations have public free reading rooms; seven employ General Secretaries; six have gymnasiums. We have eight College Associations. The State is divided into nine districts, and ten district Conventions were held during the year.

Our State Convention at La Fayette, in October, was the best we ever held. Twenty-nine Associations were represented by delegates; 132 delegates and corresponding members were present.

We have received help from the International Committee through their Secretaries, Watkins, Brown and Von Schluembach, which we have duly appreciated.

JOHN B. BRANDT, Cor. Mem.

#### IOWA.

At the State Convention, at Washington, Nov. 25-28, 1880, a State Executive Committee was appointed, and the State divided into districts. The Committee began the year with a balance in the treasury. We have no State Secretary. District Conventions have been appointed in the different districts, and one very profitable one was held at Wilton. Two new Associations have been organized, and a General Secretary placed in Des Moines, partly as a result of said District Convention. We are greatly indebted to the International Committee for allowing Mr. Weidensall to assist us as he did. We prize his work in the State generally, beside his help in making our Conventions and Annual Meetings profitable and interesting.

The most encouraging feature in our State work is the effort made by those cities which are able to obtain General Secretaries. The following cities now have General Secretaries: Des Moines, Dubuque, Davenport and Burlington, and Cedar Rapids expects to have one very soon.

ANDREW M. SCOTT, Acting Cor. Mem.

#### KENTUCKY.

We are enabled, by God's blessing, to report good progress in our work during the past year. Unfortunately we have not yet reached the point where we can employ a State Secretary, but trust we may soon be able to do so.

The Louisville Association has continued to prosper. Four Secretaries are employed, including one for the German branch and one for the Railroad

work. In all departments increased activity and usefulness has been manifest. The Association has nine rooms, including assembly hall and gymnasium, while the German branch has three, and the Railroad branch six, in our locality and one in another, all eligibly located and well arranged for their purposes.

The Medical College branch has done a blessed work among the hundreds of students attending lectures here.

One year ago no Association outside of Louisville employed a General Secretary; now both Owensboro and Bowling Green have General Secretaries, and these Associations are prosperous beyond any previous time. All the College Associations heretofore reported (six in number) are doing active work except perhaps Bethel College, at Russellville.

An Association has recently been organized at Falmouth, which promises much good.

Measures are now in progress for a thorough reorganization at Lexington, growing out of a very successful District Convention just held there, in which much aid was received from Mr. H. Thane Miller.

Our third State Convention, held at Bowling Green, in November, was the best we have ever had. We are under great obligations to Messrs. Von Schluembach, Weidensall and Munhall for their attendance and aid upon that occasion.

JOHN L. WHEAT, Cor. Mem.

#### MAINE.

The condition of the work in this State has somewhat improved. The Portland Association has a General Secretary. The Lewiston Association has been much revived.

Associations have been reorganized in Bath, Bowdoinham, Hallowell, Gardiner, Augusta, Bangor, Newport and Vinalhaven, through the efforts of Henry F. Thurston, under the direction of the Executive Committee. No State Convention was called in 1880, and we have no State Secretary or District organizations.

E. W. Watkins, one of the Secretaries of the International Committee, was largely instrumental in securing the General Secretary for the Portland Association.

Associations exist in all the cities containing a population of 7,500, but only Portland employs a General Secretary.

W. H. HOBBS, Cor. Mem.

#### MARYLAND.

The Annual Convention was held at Shepherdstown, W. Va., November 25-28, 1880. It was composed of delegates from the Associations in Maryland and part of West Virginia—a number of Associations in the latter State having, on account of convenience of access to Maryland, allied themselves with our State work. About fifty delegates were present, and the proceedings were characterized by great earnestness and devotion. The only immediate result, however, seemed to be its beneficial effect upon the Shepherdstown Association, which was much encouraged and revived. An earnest effort to raise a fund for the employment of a State Secretary failed, and the Executive Committee has therefore been limited to the only other means at command viz., a system of visitation by volunteer workers.

Visitations have been made and conferences held at a number of places in Maryland and West Virginia with beneficial results, and three new Associations have been organized. One of the Associations outside of Baltimore, that at Cumberland, has secured, through aid of the International Committee, a General Secretary, A. W. Emmons, who is laboring faithfully at that point. The State Committee has the consent of Mr. Emmons, and of his Association, that he shall occasionally devote some time to State work.

L. D. Wishard briefly visited several of the College Associations in this State during the year, and E. D. Ingersoll spent a day or two with the R. R. Associations in Baltimore.

This field is divided into three districts, known as the Eastern, Middle and Western, and the duty of caring for the Associations in them is imposed upon members of the State Executive Committee residing therein respectively. These members of the Committee usually suggest and prepare the way for the visitations above referred to; and this has thus far proved the most encouraging and useful feature of our State work.

WM. L. M. SEABROOK, Cor. Mem.

#### MASSACHUSETTS.

Our work in the year now closing, compares favorably with any of the past. The General Secretary feature is assuming that importance with us which necessity has demanded for a long time. We now have ten General Secretaries doing a good work, three having been added this year.

Two new Associations have been formed, but a large number has been dropped from the list. Those remaining, however, have been strengthened and made more efficient. We now number in all 40.

Our State Convention held at Lynn, in October, was well attended and profitable. Our Quarterly Conventions are fully attended and much more effective than formerly.

Our outlook for the future is very encouraging.

H. A. STAPLES, Cor. Mem.

#### MICHIGAN.

The loss to our State work, of the services of Mr. L. P. Rowland, has been owing in part to the financial condition of the Detroit Association, to which we naturally look for much of the support of a State Secretary, and in part to the want of a good man to solicit funds for the purpose.

Detroit is planning a building to cost \$70,000. They desire all the money which can be raised in the city to aid them in this enterprise. When they are attempting so much, the other cities and towns in the State ought to do a little more for the general work. We trust, this will soon be remedied, and when Detroit shall have completed this undertaking, they will help liberally in the State work as usual.

The number of Associations has diminished in the past year, but some individual Associations have accomplished a better work than heretofore.

Grand Rapids, with Mr. Rowland as their General Secretary, is doing nobly especially in regard to the railroad interest.

Bulletins have been issued by Jackson, Allegan, Detroit, and Detroit Railroad branch of the work.

Allegan, with a population of 5,000, deserves special mention.

Albion Association, six years old, is dedicating new rooms.

Jackson has changed one of their rooms for a better location.

The State Association meeting was thought to be one of the most spiritual conventions we have ever had, and will prove very helpful.

The College Associations are doing finely. Albion College is the only one without an organizataon. The railroad work is gaining ground, and promises well.

Many thanks are due to the International Committee for the services of Messrs. Weidensall, Wishard and Cree.

The State Committee has divided itself into two wings, the Detroit, and the Grand Rapids.

On May 4th, a parlor conference was held at East Saginaw, of Lumbermen and Y. M. C. A. workers, to consider plans of reaching the 30,000 lumber men who are in the pineries of our State every winter.

How shall funds be raised for the prosecution of the work? It is believed that Mr. Weidensall could help us out in our finances; he has met with such abundant success in other States.

ROBERT KING, M.D., Cor. Mem.

#### MINNESOTA.

The record of the past year is one of preservation rather than progress. No new Associations have been formed and no old ones given up.

The St. Paul Association was for a time, after Mr. Holdridge's resignation, without a Secretary; but the work has been sustained and good accomplished through the faithful labor of Mr. J. M. Lichtentinger, acting Secretary.

The Minneapolis Association has paid off its debt, and reports largely increased work and success under the secretaryship of Mr. J. C. Huntington.

The Stillwater, Mankato, Northfield and Lake City Associations are doing good work. The Stillwater reading room has been especially useful and successful.

Last fall Mr. Frank Cutter, acting as State Secretary, accompanied by Mr. Conrad, of Carleton College, visited several Associations, rendering them helpful service. It is much to be regretted that he was so soon compelled to relinquish the work.

Arrangements were made for a State Convention at Mankato in February, with promise of excellent results; but our plans were providentially frustrated—few delegates reaching Mankato at the time appointed, the others being storm-bound at home or snow-bound in the attempt to reach there. Services were however held at Mankato; and those delegates who, with the officers of the Executive Committee, were storm-bound at Kasota Junction, formed a branch convention in a railroad car there, transacting necessary business. When, after three days imprisonment, they reached Mankato the action of the two "branches" was harmonized, and several interesting and successful meetings were held.

Mr. Robt. Weidensall was at Mankato during the Convention, and his early return for a longer stay in Minnesota is eagerly looked for.

The State Executive Committee has been enlarged and Mr. J. C. Huntington elected as its Secretary.

D. R. NOYES Cor. Mem

#### MISSOURI.

The condition of our work is good.

The Convention at Kansas City in November last, was one of great excellence, and the attendance was large. Nearly \$1,200 was pledged for the year's work.

Messrs. Ingersoll, Weidensall, and Wishard were present. Our State Secretary accepted the position of R. R. Secretary at Kansas City, and at this time we have not found a suitable man for that office.

Owing to the small number of our Associations, we have been unable to perfect a district system. There are now nine Secretaries and assistants giving their entire time to the work. Secretaries at St. Louis, St. Louis R.R. Branch, St. Louis German Branch, Kansas City, Kansas City R.R. Branch; Assistant Secretaries at St. Louis, St. Louis R.R. Branch, Kansas City, and Kansas City R.R. Branch.

The railroad work is now fully organized and in operation in our two largest cities, St. Louis and E. St. Louis Branch, and Kansas City. In St. Louis, a reading room has been handsomely fitted up at the Union Depot, and in E. St. Louis the Railroad Companies have erected a convenient and substantial building, containing reading room, meeting room, and bath rooms. Capt. J. R. Johnston of Virginia, is Secretary in charge of both branches. In Kansas City, a handsome new building containing similar rooms has been leased and fitted up. H. F. Williams late State Secretary, is Secretary in charge.

The German work is only in operation in St. Louis. It is showing marvelous and rapid progress, and I believe is now at the head of German Associations in America. The College work is in favorable and progressive condition. Mr. Wishard has made a visit to several colleges. New Associations have been organized at Springfield, Carthage and Neosho, under encouraging prospects.

In addition to those already mentioned as being at our Convention, we have had visits from R. C. Morse, P. A. Wieting, Robert Weidensall, L. D. Wishard, and Joseph Hardie.

Perhaps the most important part of our work has been the opening up of the Southwestern section of the State to its operations, three Associations having recently been organized there.

W. HARGRAVE WHITE, Cor. Mem.

#### NEBRASKA.

In making another annual report I am pleased to say that the work has made good progress. The Omaha Association has grown wonderfully, having been obliged to enlarge its accommodations twice within the year. While the efficient secretary is entitled to great credit, the officers and members devote their time to the work with commendable zeal.

The Nebraska City Association exists only in name, if at all.

An Association has been formed at Doane College, Crete, with a membership of about fifty, through the efforts of L. D. Wishard, also one of about the same strength at the State University, at Lincoln, the outgrowth of the late State Convention; so that we now have four live Associations, including the City Association at Lincoln, a net increase of three over last year.

There is no Railroad Association in the State, but the Omaha Association has a Railroad Committee.

The State Committee has held several meetings, and, through their Secretary, conducted considerable correspondence, also held a State Convention at Lincoln, April 15-17, which was attended by about forty delegates. Robert Weidensall and L. D. Wishard were present to give direction and efficiency to the meeting. Incalculable good was done, and the results will be past measuring.

The State Committee will continue to manage the work till such time as the demands of the cause justify the employment of a State Secretary.

We feel under special obligations to the International Committee for sending us their Secretaries, Mr. Ingersoll, to look after the railroad men; Mr. Wishard, to look after the "College Boys;" and Mr. Weidensall, to look after everybody. Nebraska will always have a warm welcome for Mr. Weidensall as her own child, and rejoices in the perfect stature of manhood to which he has grown in this work. We also feel greatly indebted to Messrs. Hemingway and Van Arsdale, of Chicago, and Mr Dean, of Iowa, all of whom rendered valuable aid and counsel at the State Convention, and subsequently strengthened the Omaha Association at a large reception. Omaha is the only Association employing a General Secretary. Omaha and Lincoln are the only two cities having a population of over 7,500.

J. C. DENISE, Cor. Mem.

#### NEW HAMPSHIRE.

At the Thirteenth State Convention, held at Pittsfield, Sept. 23-26, we were greatly aided in our State work by the co-operation of R. C. Morse, as the representative of the International Committee. Largely through his influence, with the assistance of E. W. Watkins, efficient General Secretaries have been placed with the Associations in Manchester and Concord, two of the five cities of the State, having a population of 7,500.

While our State Association has the past year more than ever before given special attention to work with and for young men, the Evangelistic work of the State canvass has been continued with marked success, under the direction of the State Committee, with F. V. D. Garretson as leader, and C. J. Jackson as musical director.

Gospel meetings of one week each have been held in 24 towns, by invitation of the Churches and Associations. In several of the towns visited, so much interest has been awakened, that by special invitation a second series of meetings has been held, and large numbers have found hope in Christ. From many places because of the good accomplished, the message comes up, "God bless the Young Men's Christian Association."

Statistical reports were received from 27 of our Associations at the last Convention, and one new Association has been added to our list at Barrington.

M. B. CRITCHETT, Cor. Mem.

#### NEW JERSEY.

While the local work has been carried on with commendable zeal in the Associations still retaining their organization in our State, the general State work has lain dormant. We have held no State Convention since October

1879, owing to failure of the State Committee then appointed to organize. An effort is about to be made to make an entirely new start in our State work, and to call a State Convention in the early fall. The International Committee has been ready to aid us, had our State Committee been organized.

To the list of our Associations one has been added in the metropolis of our State, Newark, by the cooperation of R. C. Morse. It is yet in its infancy, but has secured an efficient General Secretary, and promises well.

Other Associations are contemplating the employment of General Secretaries, and the building funds of others are increasing. We hope for more effective State work with the general revival of better times.

W. B. WILKINSON, Cor. Mem.

#### NEW YORK.

The past year has been a year of prosperity and increase in our work. There are now 86 Associations in the State—64 of which report an aggregate membership of 15,347—47 of which have reading rooms—40 of which have libraries containing an aggregate of 49,538 volumes—and ten of which have buildings. The net value of buildings, building funds, libraries and furniture, is, as far as reported, \$750,490.20. Forty-seven Secretaries and other agents are employed at 32 places. In all these points there has been a gratifying increase over the figures of previous years. The State Secretary, Rev. Geo. A. Hall, continues his efficient labors. The State Convention at Schenectady in February, was the largest we have ever held, 186 delegates and corresponding members being in attendance. It may be worth noting that more Secretaries were present at the Secretaries' Conference at Amsterdam, than the whole number of delegates who assembled there in State Convention in 1873. The blessings which God has bestowed on our work in the past, encourage us to still more earnest labors in the future.

NORMAN FOX, Cor. Mem.

#### OHIO.

Ohio has had a State Secretary in the field only a portion of the year.

The number of the Associations has not varied, and their condition is believed not to be materially changed.

The Cleveland Association has been placed in possession of a fine block on Euclid Avenue, greatly increasing its facilities for usefulness.

The State Convention at Sandusky, in October, 1880, was well attended.

There are twenty one cities in the State containing 7,500 inhabitants and upwards, and in them we have nine General Secretaries.

J. W. WALTON, Cor. Mem.

#### PENNSYLVANIA.

Since the last report, General Secretaries have been secured at the following new points:—Altoona, Easton and Scranton (Railroad Branch), and a Librarian at Berwick. Lancaster and Williamsport are served temporarily. York and Meadville are vacant. There are now, exclusive of those temporarily supplied or vacant, thirteen places employing the services of nineteen men in the eversight of their work. At several points the Associations are

raising funds for suitable buildings of their own, and generally they are growing in efficiency.

The State Convention was held at Wilkesbarre, in September last, with 170 delegates.

There are thirty places in the State with a population of 7,500, and they have Associations with four or five exceptions.

There are about 165 Associations in the State, and 140 places have been reached by the State work—ninety of them through the personal visits of the State Secretary, and the rest through District Committees. A number of Associations in small places have died for lack of a few suitable men in each who understand how to carry on the work. At other points Associations have been revived, with prospects of decided usefulness.

Twenty district and eight local Conventions have been held during the year.

The work on behalf of boys is receiving increased attention in our small towns, and will do much to give permanency to the Associations in such places.

The year has not been one of great spiritual interest. The work has gone on in many places in the midst of counteracting influences. The law of survival of the fittest is exemplified in our Associations. The process of development is going on as well as the cutting away of useless branches. The solid results are gratifying. The need and nature of our distinct mission on behalf of young men is better understood in all parts of the State. We only need the breath of the Lord to quicken into life and growth the seed sown to see the fruit in many fields as well as in organized effort on behalf of young men.

S. A. TAGGART, Cor. Mem.

#### RHODE ISLAND.

Your corresponding member has with the State Committee made a canvass of the State during the year. The confidence and prevailing interest in the work of our Association's has been maintained, and somewhat increased.

Associations at Providence, Newport, Bristol, Slatersville and Quidnick, are in excellent condition, and doing good work. Central Falls and Rockland Associations are languishing.

There is an increased interest toward the formation of Associations at Scituate and Woonsocket. Quidnick is in the town of Warwick. Portions of the town are thickly settled. Other portions sparse. Towns in our State may show a large population without large numbers in any one center, but made up of a good number of villages.

GEORGE H. SLADE, Cor. Mem.

#### TENNESSEE.

Our second State Convention was held at Murfreesboro, Sept. 30-Oct. 3, 1880. There were fifty-three delegates present, representing fourteen Associations, divided as follows: Thirty-three delegates from six general Associations, and twenty from eight College Associations. The International Committee sent Mr. Robert Weidensall and Mr. L. D. Wishard, and Dr. L. W. Munhall was also present by invitation of the State Committee. We have fourteen College

ssociations in this State. Tennessee is divided naturally into three divisions, viz: Eastern, Central and Western Districts. There have been several District Conventions held in East Tennessee, the last of which took place at Tusculum in February last. There were forty delegates present, and the Convention was probably the best ever held in that portion of the State. The first Convention of the Middle District was held at Wartrace, March 18–20. There were between thirty and forty delegates in attendance. It is believed that conversions have followed all these Conventions. Nashville and Knoxville employ General Secretaries. Our great need at present is a State Secretary. Considerable interest is now felt throughout the State on this subject. though no definite steps have as yet been taken toward this end.

J. P. McGUIRE, Cor. Mem.

#### VERMONT.

The promise of God is sure, and, while for the past five years only an average reportable condition of State work has been maintained, we feel assured no seed has been sown in vain, and the visible harvest should stimulate us to renewed endeavor.

The State Convention held in Rutland last October, benefitted by valuable aid from Rev. F. Von Schluembach and Mr. S. M. Sayford, failed of the anticipated widespread influence, because of the small attendance.

For a portion of the year a Secretary has been employed. Evangelistic service has predominated with rich result, yet we are coming more and more to feel the need of distinctive work for young men; and though in Vermont our most active Associations are in the smallest places, and, in consequence, composed largely of persons past the middle age, the truth that consecrated youth builds best for a manhood of spiritual strength and wisdom, is becoming more generally evident.

A. J. HOWE, Cor. Mem.

#### VIRGINIA.

The State Convention met in Staunton last December. The attendance was good. The Associations in Staunton, Petersburg and Richmond are especially active. The Richmond Association has paid the debt, which has hindered its progress for several years, and has entered upon a new career of prosperity and usefulness.

We greatly need a State Secretary. Four of the seven cities in the State, with a population of 7,500 or more, have no Association. A State Secretary could soon organize Associations in all of them. He would have the hearty co-operation of the State Executive Committee.

J. T. ELLYSON, Cor. Mem.

#### WEST VIRGINIA.

The condition of our State work as a whole is not very encouraging, owing no doubt to the inaccessibility of the larger portion of the State. In some localities however, new life and interest have sprung up.

We have no State organization, but the Associations in the eastern portion of the State are still united with that of Maryland.

The State Convention of Maryland and West Virginia, was held at Shepherdstown, W. Va., in November last, with gratifying results.

We have no State Secretary, but have made arrangements, we trust, to secure the services of a competent man during the coming year.

There is no Association in our State employing a General Secretary, and Wheeling is the only city with over 7,500 inhabitants.

We have recently had a District Conference at Charlestown, where a new Association has been formed, which we trust will add greatly to the strength of our work.

E. J. LEE, Cor. Mem.

#### WISCONSIN.

The earnest efforts put forth in a few influential cities the past year has had a good effect on the whole State.

The Association of Milwaukee, the great commercial centre of the State, has made substantial progress, and the Racine Association has also been successful. The State Secretary, Mr. W. E. Lewis, has materially aided these Associations financially.

The State Convention, held in Milwaukee, Sept. 23-26, was not well attended, but proved successful to a good degree.

One Association has been organized during the year. Our State Committee have had their attention called to more special effort to organize and develop Association work in our larger cities, and something has been done in that direction; but there are still eight of our cities with over 7,500 inhabitants each that are without any such work.

Only three of our large cities are now organized, but two or three others are ready, and the Committee are making preparations to begin work in them.

Mr. Weidensall spent a few days assisting our State Secretary, and gave great encouragement. Mr. Wishard also spent a few days visiting our Colleges, with good resuits.

There are at present only two General Secretaries in our State.

C. W. TURNER, Cor. Mem.

#### DISTRICT OF COLUMBIA.

The old Washington Association, organized 1852, continues to be the central organization of this field, and Washington is now the one city of the District.

The other Associations here are the "Colored" Young Men's Christian Association of the District of Columbia, which, I regret to say, is not in a flourishing condition, from all I can learn, and two flourishing College Associations, the Young Men's Christian Association of Howard University (colored), and the Young Men's Christian Association of the National Deaf Mute College. The visits of Mr. Wishard, College Secretary of the International Committee to these Associations, has been highly appreciated, and has served to keep them in efficient working condition.

They also acknowledge help from the brethern of the parent Association. .

#### DELAWARE.

There is but one "Young Men's Christian Association" in the State. It is in good working order.

JOHN BAXTER, Cor. Mem.

^{*} The building of this Association is so wisely handled and rented that every business carried on by its tenants accomplishes some results directly helpful to young men, so that many services performed by the Associations in other places are here the work of those who hire parts of the building.

### LIST OF THE

# Christian Young Men's Associations of Sweden.

### RECEIVED FROM THEIR CENTRAL COMMITTEE IN 1880.

### OFFICERS OF THE CENTRAL COMMITTEE:

F. SCHULTHESS, President, Upsala. ecretary. N. P. Larsson, Treasurer.

J. TH. JACOBSSON, Secretary.

REMARK.—The statistics of the Unions of Sweden are too incomplete now to furnish here an exact list of addresses, of Presidents, date of organizations, etc. This table is also not exempt from errors on some points, but it is not possible for us to rectify them before the Annual Conference of the Swedish Unions, in the Summer of 1880.

The statistics of the Unions of Sweden are too incomplete now to furnish here an exact list of addresses, of Presidents, date of organizations, etc. This table is also not exempt from errors on some points, but it is not possible for us to rectify them before the Annual Conference of the Swedish Unions, in the Summer of 1880.

UPSALA, April, 1880.

OBSERVATION.—The cross (‡) indicates those Associations which form the Federation of the Swedish Young Men's Christian Associations, organized September 12, 1877, on the basis agreed to by the Conference of Young Men's Christian Associations of all lands which met at Paris in 1855.

which met at	Paris in 1895.
